SERVICE CAPABILITIES

We offer **factory-trained repairs** and **certified rebuilds** using **genuine OEM parts**, along with full **component replacements** when needed. Our team provides **on-site installation** and **performance evaluations**, backed by engineering support and **equipment redesign services**. Every project comes with a **one-year warranty on parts and labor**, and we also provide **preventative maintenance programs** and **emergency, 24-hour response time**.

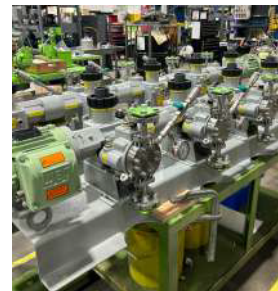

PUMPS

- API 610
- ANSI Centrifugal
- Mult-Stage Split Case
- Single-Stage Split Case
- Vertical Turbine & Sump
- Liquid Ring Vacuum
- Self-Priming
- Regenerative Turbine
- Air-Operated Diaphragm
- Internal & External Gear
- Screw & Lobe
- Progressive Cavity
- Hot Oil
- Chemical Metering
- Mag-Drive

MIXERS & AGITATORS

- Agitator Gear Reducers
- Agitator Mechanical Seals

COMPRESSORS & BLOWERS

- PD Blowers
- Gas Compressors
- Vacuum Pumps

- API 610 & ANSI Centrifugal Pumps
- End-Suction, Low Flow, Self Primer, Vertical In-line & Vertical Sump
- Engineered, Assembled & Tested in the USA
- ANSI Pump Powerframe Upgrades

- Positive Displacement Gear Pumps
- Sealed & Magnetic Drive Solutions
- Magnetic Strainers, Modular ProPort Casings
- Internal & External Gear, Rotary Vane & Lobe

- Cantilevers & Line Shafts
- Submersible Pumps & Horizontals

- Cartridge Mechanical Seals
- Metal Bellows Mechanical Seals
- Split Cartridge Mechanical Seals
- Seal Support & Lube Oil Systems

- Chemical Process Pumps
- High-Temp Metallic Centrifugal Pumps

- Peristaltic Pumps (Bredel Hose Pump)
- Sinusoidal Process Pump (MasoSine SPS)
- Chemical Metering Pump (Qdos series)
- Cased Drive Peristaltic Pumps

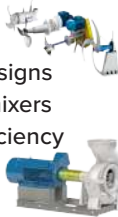

- Ball, Check & Control Valves
- Magnetic Drive Centrifugal Pumps

- Portable Mixers
- Top Entry Mixers
- Side-Entry Mixers

- Line Shaft Pumps
- Canned Booster Pumps
- Mixed / Axial Flow Pumps
- Submersible Pumps
- Assemblies & Components

- Industrial agitators & mixers
- Dewatering & high-efficiency pumping systems

- Multistage Centrifugal Vertical Pumps
- Chemical Metering Pumps & Systems
- Submersible Wastewater Pumps & Accessories

PUMPS & SYSTEMS

- Split-Case Pumps
- Demersible & Column Sumps
- Solids-Handling Pumps
- End-Suction Pumps & In-line

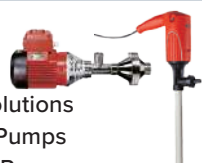

- Pulsation Dampners
- Air-Operated Double Diaphragm Pumps (AODD)

- Magnetic Drive Chemical Feed
- Chemical Metering & Dosing
- Calibration Column Pump Systems
- Custom Single / Multi-Pump Dosing Skids

- Low-Shear Lobe Pumps
- Circumferential Piston

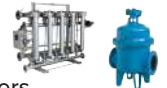

- Drum Pump Solutions
- Low-Viscosity Pumps
- High-Viscosity Pumps
- Tote Unloading Pump Solutions

- Air-Operated Double Diaphragm (AODD)
- Efficient Air Vantage System

- Gear, Centrifugal, Long-Shaft & Magnetic-Driven Pumps

- Heavy-Duty Strainers
